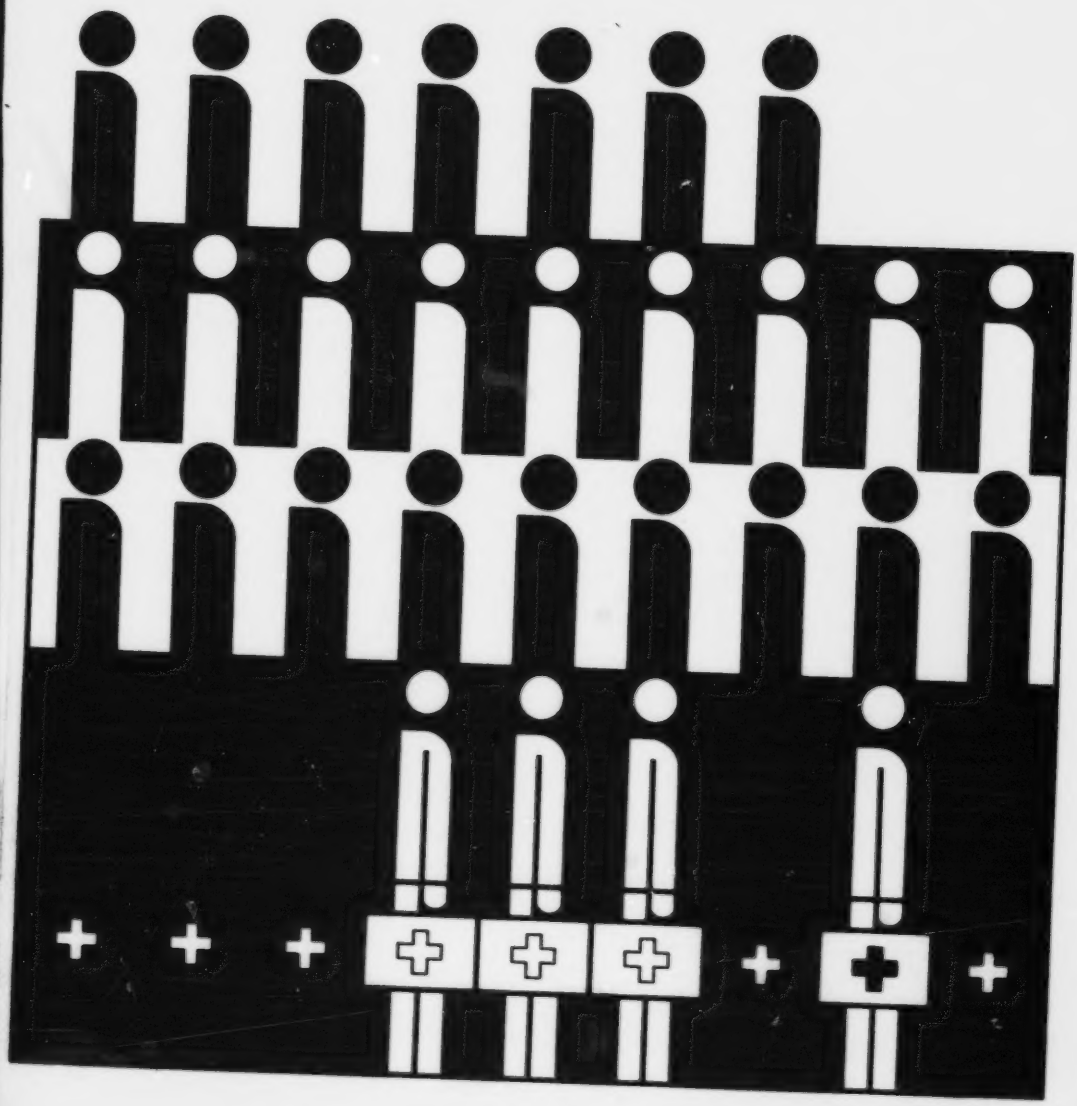
SALUS: LOW-COST RURAL HEALTH CARE AND HEALTH MANPOWER TRAINING

A cumulative index to volumes 1–10

Editor: ROSANNA M. BECHTEL



The International Development Research Centre is a public corporation created by the Parliament of Canada in 1970 to support research designed to adapt science and technology to the needs of developing countries. The Centre's activity is concentrated in five sectors: agriculture, food and nutrition sciences; health sciences; information sciences; social sciences; and communications. IDRC is financed solely by the Parliament of Canada; its policies, however, are set by an international Board of Governors. The Centre's headquarters are in Ottawa, Canada. Regional offices are located in Africa, Asia, Latin America, and the Middle East.

(This is the cumulative index to the first 10 volumes in a series of annotated bibliographies on low-cost rural health care and health manpower training. These volumes are published irregularly.)

Preface

This volume of the SALUS series contains author, subject, and geographic indices for the first 10 volumes of the bibliography. The author listing includes corporate authors and editors as well as personal authors. The numbers cited after each entry are the SALUS numbers that were assigned to the relevant documents when they appeared in the bibliography and can be used to look them up in the appropriate volume. For convenient reference the following chart is given:

Volume No.	Contains these entries
1	1 – 700
2	701 – 1400
3	1401 – 2100
4	2101 – 2800
5	2801 – 3500
6	3501 – 4200
7	4201 – 4900
8	4901 – 5600
9	5601 – 6300
10	6301 – 7000

Because the SALUS data base is considerably in advance of the bibliographies, additional references on most subjects and countries can be obtained by writing to: SALUS Manager, Information Sciences Division, International Development Research Centre, P. O. Box 8500, Ottawa, Ontario K1G 3H9, Canada.

I would like to thank my assistant, Dianne Kalbfleisch, for her help in editing these indices.
